Docket/App No.: 2478.2018-0001 Title: Inhibition of Chronic Tissue...

Inventors: John M. Williams

Compound I monotherapy significantly inhibits vascular pathology (chronic rejection atherosclerosis)

in murine MHC II mismatched cardiac transplant model

Summary Craph Vessel Score Control (N=8) Compd 1 (N=7) Compd 1 $(N=7)^*$ Control (N=8)

J. Carlo

Docket/App No.: 2478.2018-0001 Title: Inhibition of Chronic Tissue...

Inventors: John M. Williams

Compound a significantly inhibits chronic rejection vasculopathy in fully mismatched (WITC I and WITC II disparate) mouse cardiac alografis:
